We are so confident in our service levels that we issue every client with a written Myerson Promise from our Senior Partner specifying our service standards (see over).

Fees can be a contentious aspect to the solicitor-client relationship. Not at Myerson Private. We are transparent and provide accurate estimates at the outset and throughout our relationship with you. Where appropriate we will fix our fees.

And what is the cost of this exceptional expertise and service?

**We think you will be pleasantly surprised.**

Our location in the affluent Cheshire market town of Altrincham, close to Manchester airport and Manchester city-centre, allows us to offer West-End know-how and expertise without the Mayfair price-tag.

We promise that we will...

- Answer the phone within three rings
- Not transfer you to voicemail
- Respond to any phone message within two hours during the working day

- Offer you a consultation within two working days
- Give you clear, jargon-free advice
- Progress every matter in an efficient and timely manner
- Always keep your specific commercial and personal concerns to the forefront of our minds so that you are not just getting a purely legal opinion
- Provide you with a regular update as to the progress of the matter, even if the news is that there is no news
- Ensure that when your lawyer is on holiday we will have another lawyer who will be fully up to speed on your matter, so that it will be progressed
- Only refer you to other professionals who we know well and in whom we have the utmost confidence
- Be completely transparent about our fees from the outset

# Local Service International Outlook

---

We provide a highly personalised  
and approachable service.

---

We are friendly and you will come to know our lawyers well. We could not be more different to the traditional anonymous and cold law firm.

This culture has been developed because we ensure that we recruit happy and personable lawyers who ascribe to our core values. This culture can only exist in a local, single-site law firm, away from the pressures of a traditional national or regional firm, so we can provide a truly accessible and personalised service.

This local culture benefits our clients across the UK, Europe and beyond.

We are the Manchester law firm member of MSI Global Alliance, a leading, international association of over 250 independent law and accountancy firms.

Membership of MSI enables us to source reliable, local legal, tax and accountancy expertise quickly, wherever in the world our clients have links or have assets located.

Therefore if your family has legal needs that cross borders, be it tax, child custody, divorce, international secondment or asset protection, we can work with our international partners to obtain the best solution for you.
