Developer Disputes

We help developers resolve disputes promptly so that they can focus on developing their site without the distraction of a legal dispute.

Disputes that relate to a development can be dealt with in a variety of ways depending upon the dispute that has arisen and the relationship between the parties.

Some disputes will involve Court proceedings being issued or arbitration being commenced whereas other disputes may be better dealt with through a negotiated settlement.

We assess each matter on its facts and will outline all of your options and advise you on the best course of action depending upon the objective you want to achieve.

Our Expertise

Clearing a site of existing tenants/licensees

One of the first stages of any development will be to clear the site from existing occupiers. We can review the basis upon which they are occupying the site and prepare a strategy with you to obtain vacant possession of the site as and when you need it.

Service Charge Disputes

If proceedings are issued against you because, for example, the service charges are unreasonable or have not been demanded correctly, then we can take away the stress of dealing with this from you, advise you on your options, defend the proceedings and bring them to a swift resolution.

Rent, Ground Rent and Service Charge Arrears

As a developer, you may have retained the management of the site and the ability to recover rents or ground rents. Should you have any issues in demanding or recovering these from the tenants, then we can assist you with this so that the arrears do not build up.

Right to light

When developing a site, you always have to give thought to whether you will be faced with any rights to light claims. We have experience of dealing with claims of this nature and can assist you in resolving any issues you encounter.

Oversailing

Oversailing can be a big problem for developers. We can act on your behalf should you be faced with a claim and fight your corner. We can also advise you of your risks at the outset and assist our Real Estate Team in negotiating and preparing the terms of an Oversailing Licence.

Trespassers

Trespassers can be a common problem for developers. We have a wealth of experience of obtaining possession from trespassers and aim to resolve the matter promptly to minimize any delays to the development of the site.

Development Constraints

We work alongside our Real Estate Team to resolve any development constraints at the development site. For example, there may be access issues or issues concerning rights of way. We can advise you on your legal position and your commercial and legal options to resolve any concerns you have about the site.

Right of first refusal

If you are considering making a disposal of your interest in a building that contains flats then by law, you must offer it to the tenants before offering it on the open market. Failure to do so is a criminal offence.

We regularly advise landlords in relation to their obligations and can guide you through the process which will initially involve serving notices on the tenants.
