Welcome

At Myerson, we understand the complexities of modern life and the importance of taking care of your family, that's why our team offer a professional administrator, attorney and trustee service via our Myerson Trust Corporation.

What is the Myerson Trust Corporation?

Myerson Trust Corporation regularly acts as the independent administrator on estates where there has been a dispute, or family members are unable to act as executors for any reason.

Our expert team will ensure we deal with the administration of the estate efficiently, professionally, and sensitively.

In cases where an individual does not have trusted friends or family, we can act as a professional attorney on financial matters and act in your best interests.

Myerson Trust Corporation are often appointed as Trustees for Will Trusts or Lifetime Trusts. We have a wide range of Trusts that we manage, including Interest in Possession Trusts, Discretionary Trusts, Immediate Post Death Interests, Trusts for vulnerable beneficiaries. Sometimes, we are appointed for individuals who are domiciled abroad to ensure that the trust is under the tax regime in England and Wales.

Highest Level of Expertise. We offer a partner-led service and we work closely with other departments at Myerson, pulling in the relevant experts as and when required. On large estates and Trusts, there will be property, business assets or potential disputes that require an expert in the relevant area. Our collaborative approach and range of expertise mean we can offer a practical and professional service, ensuring the beneficiaries interests are protected. Our team are ranked Tier 1 in **The Legal 500** and in Chambers under the High-Net-Worth category.

Strong Connections. We regularly work alongside professional advisers and have strong connections with accountants, land agents, financial advisers, and other professionals locally, as well as further afield. Myerson is a member of the **UK 200 Group** which gives us links with solicitors and accountants nationwide, as well as training opportunities. We are also members of **MSI Global** and have access to the international STEP directory, meaning we can liaise with suitable professionals in foreign jurisdictions.

Personal, Partner-led Service. Where parties are local, we are more than happy to meet face-to-face at our modern offices in Altrincham. However, geography is no barrier to us providing a professional service given the above associations and the fact that we have the necessary technology to be able to deal with matters at a distance.

Don't just take our word for it...

We are proud to be ranked as '**Top Tier**' in the prestigious international directory **The Legal 500**, who rank our Private Client team Tier 1 in the North West. Described as "a 'highly knowledgeable' and 'empathetic' team, working for high-net-worth clients and their families, we manage multi-million-pound trusts, dealing with the administration of estates, deputyship issues, wills and estates succession planning work, and inheritance tax mitigation".

Myerson is recommended by **The Times 'Best Law Firms 2019'**. The Times recognises 200 firms for the quality of their legal services in its annual round-up of the Best Law Firms in the UK. With a heavy London-bias and just a handful of firms from the North of England, we were delighted to make the list for our expertise.

We are able to call on the right expertise within our organisation, but also externally when it comes to instructing other professionals wherever necessary.
