What's covered

A full Myerson HR health-check and audit

We'll meet with you to review your existing HR documents, policies and procedures. We can then advise you on what you are doing well and what needs to be improved to ensure your business is HR compliant.

Comprehensive documentation for HR compliance

After your audit is complete, we will provide you with any key documents that you require to achieve a good standard of HR compliance.

Access to the Myerson HR client portal and template documents

Our web-based portal is your one-stop shop for all HR template documents that you might need. This includes a wide range of letters, agreements and documents which are kept up to date as and when the law or best practice changes.

Unlimited access to our full advisory HR and employment law helpline

We're here for you whenever you need us. If you have an HR or employment law question, simply call us and speak to one of our dedicated and experienced lawyers who will be able to help you with straightforward and solution-driven advice.

Whether your concern relates to maternity, a grievance, redundancy, discrimination or any other operational HR issue, we can help. If you need support with an employment claim or a more substantial HR project, we will map out for you the steps needed to achieve the best result and provide clear cost information for supporting you further (or you can opt for insurance protection to cover your claims).

Priority access to employment workshops, seminars and events

You will have priority access to our popular employment law workshops, seminars and breakfast events where we bring you up to speed with the latest legal developments, discuss hot topics and offer practical tips and advice.

Newsletters and newsflash updates

We'll send you regular newsflash updates as well as more detailed newsletters to ensure that you never miss key HR and employment law developments.

For a small additional cost, we can also provide you with:

Myerson HR insurance protection

Employment law claims, legal expenses and tribunal awards can be extremely costly. Insurance protection can take those pressures away from you.

It can cover legal expenses and compensation, and it is completely customisable, so you receive the best protection where you value it the most, with the option of significantly reduced premiums. You'll continue to receive our expert service throughout any claim, with the peace of mind of insurance cover*.
