

Tom Evans

“ Myerson has a really different atmosphere. Everyone is willing to set time aside to help you learn - even the partners. ”

Tom completed a Law degree at University.

He also completed work experience at Myerson and other city center law firms.

Tom then completed the Legal Practical Course (LPC).

Accepted on the Myerson Training Contract!

Q: What made you choose a career in law?

A: I have family members who are solicitors so I've always been really interested in it. I chose to study law at University, and enjoyed the academic side of things - the written and verbal communication skills.

Q: Why did you choose Myerson Solicitors?

A: The culture at Myerson is different to other law firms. I completed a lot of work experience at different law firms to understand the real life application of my academic degree. Larger firms don't have the time to invest in your personal development, so you end up doing the jobs that no one else wants, without taking on more responsibility. Myerson has a really different atmosphere. The team are friendly and willing to give you time - even the partners.

Q: What has been your favourite moment?

A: Settling my first case where I was liaising with the client from the initial enquiry all the way through to full settlement. I got to see the case develop and get the right outcome for the client which was really rewarding.

Q: What advice would you give to anyone considering a Myerson training contract?

A: Don't fire your application over to 20 different law firms. Quality over quantity. Tailor your application to a few different firms, understand the culture of the firm, look at the website and do your research. If you can, try to apply for work experience first. Make sure that the firm you choose is right for you as much as you are right for them.

Training applications for 2021 / 2022 are open now.
